

EXERCISE EVALUATION GUIDE

<i>Exercise Name:</i> Local Public Health Community Preparedness Ebola TTX <i>Exercise Date:</i> [Insert exercise date]	<i>Organization/Jurisdiction:</i> [Insert organization or jurisdiction]	<i>Venue:</i> [Insert venue name]
Response		
<i>Exercise Objective:</i> Discuss the ability of local health, in collaboration with public safety, municipal leaders and other local stakeholders to meet the recovery needs of their community following a confirmed case of Ebola within their community in accordance with current plans.		
<i>Public Health Preparedness Capability:</i> Community Recovery Community recovery is the ability to collaborate with community partners, (e.g., healthcare organizations, business, education, and emergency management) to plan and advocate for the rebuilding of public health, medical, and mental/ behavioral health systems to at least a level of functioning comparable to pre-incident levels, and improved levels where possible.		
Organizational Capability Target 1: Identify and monitor public health, medical and mental/behavioral health system recovery needs <i>Critical Task:</i> In collaboration with jurisdictional partners, document short-term and long-term health service delivery priorities and goals. <i>Critical Task:</i> Determine how the jurisdiction will provide identified services needed that the jurisdiction does not have the ability to provide during and after an incident.		
Organizational Capability Target 2: Coordinate community public health, medical, and mental/behavioral health system recovery operations <i>Critical Task:</i> Determine how the jurisdictional agencies (e.g., emergency management and social service) will ensure that the jurisdiction can provide health services needed to recover from the psychological implications of the event <i>Critical Task:</i> Partner with public health, medical, and mental/behavioral health professionals and other social networks (e.g., faith-based, volunteer organizations, support groups, and professional organizations) from within and outside the jurisdiction, as applicable to the incident, to educate their constituents regarding applicable health interventions being recommended by public health.		

Organizational Capability Target	Associated Critical Tasks	Observation Notes and Explanation of Rating	Target Rating
Identify and monitor public health, medical and mental/behavioral health system recovery needs	<ul style="list-style-type: none"> • In collaboration with jurisdictional partners, document short-term and long-term health service delivery priorities and goals. • Determine how the jurisdiction will provide identified services needed that the jurisdiction does not have the ability to provide during and after an incident. 		
Coordinate community public health, medical, and mental/behavioral health system recovery operations	<ul style="list-style-type: none"> • Determine how the jurisdictional agencies (e.g., emergency management and social service) will ensure that the jurisdiction can provide health services needed to recover from the psychological implications of the event • <i>Critical Task:</i> Partner with public health, medical, and mental/behavioral health professionals and other social networks (e.g., faith-based, volunteer organizations, support groups, and professional organizations) from within and outside the jurisdiction, as applicable to the incident, to educate their constituents regarding applicable health interventions being recommended by public health. • 		

Final Core Capability Rating

Ratings Key
P – Performed without Challenges
S – Performed with Some Challenges
M – Performed with Major Challenges
U – Unable to be Performed

Ratings Definitions

Performed without Challenges (P)	The targets and critical tasks associated with the core capability were completed in a manner that achieved the objective(s) and did not negatively impact the performance of other activities. Performance of this activity did not contribute to additional health and/or safety risks for the public or for emergency workers, and it was conducted in accordance with applicable plans, policies, procedures, regulations, and laws.
Performed with Some Challenges (S)	The targets and critical tasks associated with the core capability were completed in a manner that achieved the objective(s) and did not negatively impact the performance of other activities. Performance of this activity did not contribute to additional health and/or safety risks for the public or for emergency workers, and it was conducted in accordance with applicable plans, policies, procedures, regulations, and laws. However, opportunities to enhance effectiveness and/or efficiency were identified.
Performed with Major Challenges (M)	The targets and critical tasks associated with the core capability were completed in a manner that achieved the objective(s), but some or all of the following were observed: demonstrated performance had a negative impact on the performance of other activities; contributed to additional health and/or safety risks for the public or for emergency workers; and/or was not conducted in accordance with applicable plans, policies, procedures, regulations, and laws.
Unable to be Performed (U)	The targets and critical tasks associated with the core capability were not performed in a manner that achieved the objective(s).
